

Declaration of Conformity for HUB 10.3 Communications Manager

Purpose

The intent of this document is to specify that the OutBack models listed in the Scope below conform to the following standards.

This document supersedes any previous declarations for these OutBack models.

Scope

OutBack models covered by this Declaration of Conformity include the following.

- HUB 10.3

IMPORTANT:

This Declaration of Conformity covers only the HUB 10.3 Communications Manager. This Declaration does not cover any other models.

Standard Compliance

This product meets RoHS Directive 2011/65/EU, which covers restriction of the use of certain hazardous substances in electrical and electronic equipment.

This product is CE compliant for all applications.

This product has been tested to comply with the following standards:

- IEC 61000-6-3 (EMC Standard: Emissions for Residential, Commercial, and Light-Industrial Environments)
- FCC Part 15, Class B

FCC Information to the User

This equipment has been tested and found to comply with the limits for a Class B digital device when powered by a DC source, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- ~ Reorient or relocate the receiving antenna.
- ~ Increase the separation between the equipment and the receiver.
- ~ Consult the dealer or an experienced radio/TV technician for help.
