Warranty Letter

Setec warrants that this product is free from defects in material and workmanship and agrees to remedy any defect (or at its option replace the product) for a period of two year from the date of purchase. Parts may be replaced under this warranty with new or remanufactured parts.

Setec is willing to warranty fully toward the trial equipment (ie. Solar pump inverter) during the process of testing (either the damage of the trial equipment itself or the damages happening due the trial equipment)

This warranty will not apply to any product that has been improperly installed (as described in the installation manual), misused, abused, used in ways the product was not designed, altered or repaired in any way which may affect the performance or reliability of operation, sustained damage by power surges or electrical storms, or sustained shipping damage, or repaired by any unauthorized repair center.

Setec makes no other warranties, express or implied, including any warranty of fitness for a particular purpose. In no event shall Setec be responsible for indirect or consequential damages or lost profits even if Setec have been advised of the possibility of such damages. Setec's sole obligation to you shall be the repair or replacement of a non-conforming product.
